Miller Ingenuity Raises Over \$20,000 for Annual Employee Charitable Giving Campaign

*Team Vogel vs. Cancer and Winona Area Veterans Relief Fund to receive money
raised by Miller employees.*

Winona, MN – As part of Miller Ingenuity's annual Employee Giving/Volunteer Campaign, nominations for charitable organizations were solicited via an all-employee survey, and two organizations, Team Vogel vs. Cancer and the Winona Area Veterans Relief Fund, were selected by employees as the beneficiaries.

During a recent campaign celebration, it was announced that employees raised and pledged another record-breaking \$10,218, with the company matching that amount, for a total of \$20,436 to be split among the two organizations.

The employee-driven campaign, now in its tenth year, has raised over \$160,000 through employee cash donations, payroll deduction pledges, and the company match for local organizations. The current campaign saw an impressive 84% employee participation rate.

"I am proud of our employees for once again coming together to support our community in such a meaningful way," said Steve Blue, President and CEO of Miller Ingenuity. "For the past ten years, their generosity and compassion have truly reflected the values we stand for at Miller Ingenuity. This campaign isn't just about raising funds—it's about strengthening the community that we call home."

ABOUT MILLER

Miller Ingenuity, a manufacturing company based in Winona, MN, is a global supplier of lifesaving, high-technology safety systems and services that surpass rail-safety standards. For more than 78 years, the organization has demonstrated the ability to conceptualize, design, produce and deliver railroad parts that meet the current and emerging needs of the industry.
