

LOCKED FOR LIFE

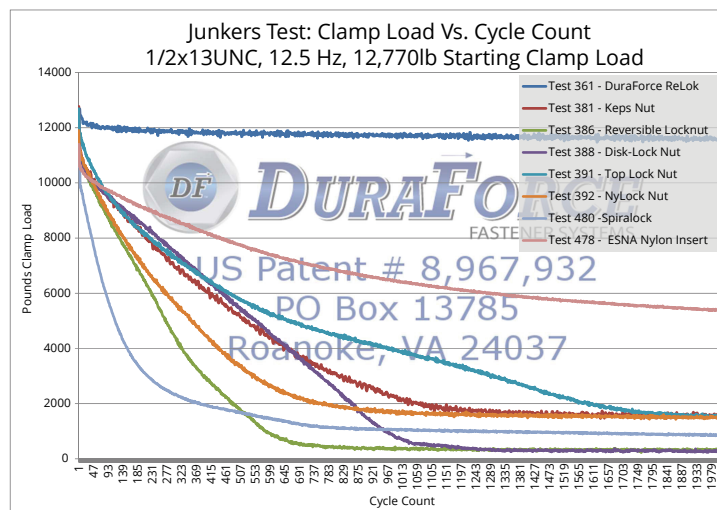

RELOK™

- ▶ By having a smoother interior, ReLok™ annulus slides over bolt threads and does not lock out to thread interference.
- ▶ Same torque that is required to install ReLok™ nut/collar is used to dismantle joint.
- ▶ Reusable for multiple installations with similar vibration test results.
- ▶ No limits to bolt pre-load.
- ▶ ReLok™ consistently holds clamp load at various torque settings.

ReLoK™ is reusable & always reliable!

ReLoK™ holds strong while others fail!

| Part # | Description |
|------------|--|
| U375-URNC | ReLoK™, Unitized Nut and Collar, 3/8-16 UNC, Grade 8, Plain (Phos & oil coating) |
| U500-URNC | ReLoK™, Unitized Nut and Collar, 1/2"-13 UNC, Grade 8, Plain (Phos & oil coating) |
| U625-URNC | ReLoK™, Unitized Nut and Collar, 5/8"-11 UNC, Grade 8, Plain (Phos & oil coating) |
| U750-URNC | ReLoK™, Unitized Nut and Collar, 3/4"-10 UNC, Grade 8, Plain (Phos & oil coating) |
| U1000-URNC | ReLoK™, Unitized Nut and Collar, 1"-8 UNC, Grade 8, Plain (Phos & oil coating) |
| U1125-URNC | ReLoK™, Unitized Nut and Collar, 1-1/8"-7 UNC, Grade 8, Plain (Phos & oil coating) |
| U1375-URNC | ReLoK™, Unitized Nut and Collar, 1-3/8"-6 UNC, Grade 8, Plain (Phos & oil coating) |

Please inquire for the following options: Other Standard Coarse sizes, (-HC) Hexavalent Zinc - Yellow Finish, (-CZ) Clear Zinc - Silver Finish, (-ZP) Zinc Phosphate - Black finish, (F) Fine Threads, Metric sizes

Miller Ingenuity is the exclusive distributor of ReLoK™ fasteners.
